Dear Peyman,

Thank you for your patience.

We have received a response from the technical team. They have suggested the below link as per your request.

Link: BK1687B - [SPS-3610 GW INSTEK, Bench Power Supply, Adjustable, 1 Output, 0 V, 36 V, 0 A, 10 A | Farnell® Germany](#).

Please could you review the link and confirm if we can proceed with the quotation.

We look forward to hearing from you soon.

Thanks & Regards,

Harish Kumar K

Dear Peyman,

Thank you for your email.

Please be advised that the tax has been calculated for all the parts combined. However, if you require the tax for each individual part, it is €18.99.

Additionally, we have contacted our technical team to request an alternative for BK1687B. We will update you as soon as we receive their response.

Please do not hesitate to contact us if you ever need any additional details or help.

Dear Harish Kumar K,

Thank you so much for sending the provided document.

It includes everything we need, and I can submit it on time for my meeting tomorrow morning. It would also help me a lot if the last column of the provided price list (PDF attachment) included the final price for each item, including tax. Alternatively, if you could provide the tax value for each item, I can calculate it myself. I reckon that the tax on the list calculated in one go for the all the items. If it is fix number for all items then having the number will be enough for me to bring it up at my tommorow meeting discussion.

Additionally, regarding item 6 on the list (BK1687B), if you have different options, such as with or without a calibration certificate, that affect the price, I would be grateful to hear about them. Many Thanks.

Sincerely,

Peiman Edalatjoo

Hi, this is my number 01688039864. While I am inside the lecture room, especially inside the university building, the antenna is not working well due to windows protection. If I notice miss call I will call back then. The alternative would be having your number as well. Many thanks.

Dear Representative of Farnell,

I hope this email finds you well.

I am reaching out to request a quote (*Angebot*). I am not entirely sure of the exact term, but we usually refer to it as an invoice or pre-invoice. This document should include the price of the item(s) for submission to my university. It is essential that the final price includes tax and that the *delivery address* is noted.

As part of the university's formalities, the address of the orderer must be included in the quote **for consideration among the vendor list**. Here is the address:

**Moltkestraße 30,  
76133 Karlsruhe,  
Hochschule Karlsruhe - Applied Sciences.**

Additionally, I attempted to upload my list online, but it did not work properly. Could you please assist me with this? If there is a way to generate the required document online myself, I would greatly appreciate your guidance. It is important to us that we could accomplish this procurement before the end of this year, so we are in a kind of hurry. Please do not hesitate to contact me if you need any further details.

Thank you for your support.

Best regards,  
Peyman Edalatjoo
